NEW MIKA  
NEW-AGE LAMINATES FROM GREENLAM

NEW MIKA  
NEW-AGE LAMINATES FROM GREENLAM

# THIS BOOK CONTAINS

IDEAS

EMOTIONS

COLOURS

TEXTURES

INSPIRATION

INSIGHTS

DESIGNS

CREATIVITY

CHARACTER

Every artist needs a canvas. For Greenlam, every home is one. Present across more than 100 countries, Greenlam is India's No. 1, Asia's largest and among the top 3 surfacing solutions brand in the world. With two state-of-the-art manufacturing facilities in the country, it is the first choice of Home Owners, Architects and Interior Designers when it comes to transforming living spaces. Its vast product offerings includes - Laminates, Compacts, Exterior & Interior Clads, Restroom cubicles & locker solutions, Decorative Veneers, Engineered wood floors & doors.

From the house of Greenlam, comes NewMika, a new and vibrant range of laminates that (to be honest) are much like you. Bold, unique (and packing some serious attitude), our laminates are designed to work wonders with any space. Play with shades of fire, tinker with textures or simply experiment with the eclectic. Whatever your fancy, NewMika is here to make it happen.

**SPICE UP  
YOUR SPACE**

# DID SOMEONE SAY 'FEATURES'?

5919 CST

## RESISTANT TO SURFACE WEAR

Our décor surfaces are as tough as they are good looking. They can resist gradual erosion caused by mechanical, physical, and even chemical actions.

## SCRATCH RESISTANT

At NewMika, we don't mess around. Our surfaces can resist scratches caused by sharp objects that are harder than the laminate itself.

## STEAM RESISTANT

With our superior resistance and rating, should things get steamy; at least they won't get sticky.

## BOILING POINT

Friends and neighbours may burn with envy at your new space. It's a good thing then, that our surfaces can easily withstand boiling point.

## CRACK RESISTANT

Cracks can appear for reasons such as atmospheric pressure, humidity, seasonal changes and even jealous neighbours. Our laminates are resistant to all.

## DIMENSIONAL STABILITY

Suitable for any climate or environment, our high quality laminates can handle expansion and contraction quite easily.

## DRY HEAT RESISTANT (AT 180°C)

Worried about heat resistance? Don't sweat it. Our surfaces won't develop blisters even when hot objects are placed on it.

## STAIN RESISTANT

From coffee and wine to turmeric and sauces, our laminates can resist stains and (to make matters better) are even easy to maintain.

# WHAT'S NEW, NEWMIKA?

## DESIGN PALETTE

51 new trendy designs.  
The NewMika range  
offers a variety of  
light to mid tone  
décors in the family of brown and grey.

## PRODUCT WARRANTY

NewMika now comes with a  
10-year warranty.

## COLLECTION

A large collection of over 350  
décors in various pattern and  
texture.

## OUR NETWORK

NewMika is widely circulated  
across states and over 300 cities  
of the country. What's more,  
NewMika is now a global brand  
with its footprints in APAC, the  
Middle East, and Africa.

**Regular Laminate Construction**

**Unicore Construction**

- ▶ One solid colour not only on surface but in the core of the laminate as well
- ▶ Discards dark edges

**LIABILITY:**

Whereas the products are manufactured to exacting standards, the nature of the application procedure is beyond our control. While we are please to offer advice, we cannot gaurantee the finishing results or accept liability for it. All information is provided in good faith but without warranty expressed or implied. The laibility of the company is limited to replacement of defective goods only. It is therefore necessary that prior to any commercial use you should conduct your own tests to evaluate efficacy of the product under the particular condition for its intended use.

**NOTE:**

Designs mentioned with NGL code i.e. Noval Gloss Finish, are recommended for vertical application only and provided with peel coat."
